THE 2010 UK and Ireland Tech Tour will be held April 27-29 in London and Dublin. The tour pairs most promising, high-growth, early- and expansion-stage technology companies with representatives from the venture capital world for advice and potential funding. The funds that will be present at the Tour represent over EUR 10 billion worth of investment capital. Firms in Northern Ireland must register before February 15 to become one of the 30 finalists.
